EDUCATION

GL Bajaj Institute of Technology and Management

Bachelor of Technology, Computer Science and Engineering

Greater Noida, India

2020 – 2024

Army Public School

Intermediate

Lucknow, India

2018 - 2019

Army Public School

High school

Lucknow, India

2016 - 2017

EXPERIENCE

Grapecity India

Software Engineer Trainee

February 2024 – Present

Noida, India

- **Developed** and **optimized** front-end components using **JavaScript, TypeScript, React.js, Angular.js, Next.js, and Express.js**, enhancing application **performance by 20%**
- Contributed to developing '**Wijmo**,' an award-winning **JavaScript component**, improving the **functionality and user experience** through advanced coding techniques.
- Implemented new **data visualization features** in Wijmo, resulting in a **15% increase in user engagement**.

Software Engineer Intern

October 2023 - February 2024

- Worked on **UI component wijmo**. Created **features** in the calendar component and **converted** calendar, grid, and charts from the class component to **react's functional component**.

PROJECTS

Web OS | Next, React, TailwindCSS,

Github [↗](#)

- Developed with a focus on **user experience**, WEB OS provides a **responsive interface** that mimics the intuitive design principles of Ubuntu OS, **enhancing accessibility and ease of navigation** .
- Techstacks used: **Next.js, React.js** and **Tailwind CSS**.
- **LIVE LINK** [↗](#)

Ecommerce App | React, Node.js, MongoDB, Express.js

Github [↗](#)

- A comprehensive **MERN stack** application with **authentication** and **integrated payment gateway**
- This includes **robust user management** functionalities, such as user registration, login, and **profile management**, secured through **JWT authentication** and **encrypted password storage**.
- **LIVE LINK** [↗](#)

Digital Mali | Next, React, MongoDB, PayloadCMS, Tailwind CSS

Github [↗](#)

- Digital Mali is a **high-quality marketplace** for gardening tools and plants, built with **React and TypeScript**.
- Used modern tech stack including **Node.js, npm**, and other technologies.
- Key features include **email verification, authentication** via **Payload CMS**, and a clean UI using **shadcn-ui** with an **Admin Dashboard**.
- **LIVE LINK** [↗](#)

TECHNICAL SKILLS

Core Skills: Problem Solving, Data Structures and Algorithm, Computer Networks, Operating System, Database Management

Languages: Javascript, Typescript, C/C++ , SQL (Postgres), HTML/CSS, MongoDB

Frameworks: React, Node.js, Express, Next, Tailwind css, Material-UI, Moongose, Prisma ORM

Developer Tools: Git, Docker VS Code, GitHub, Postman
